

## Material Safety Data Sheet

### Depilatory Wax

#### 1. Identification of the product and company

Product Name: Depilatory Wax

Supplier: Guangdong Xincos Biotech Co. Ltd.

Add: 6th/B, No.1, Simiao Road, Pharmaceutical Zone, Nanlang Town, Zhongshan City, Guangdong, China

Email address: [maca@xincos.com](mailto:maca@xincos.com)

Tel No.: 18933433257

#### 2. Hazards identification

Emergency overview:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Potential health effects: None

Principle Routes of Exposure: Skin contact

Eye: May cause irritation.

Skin: Does not pose a potential of skin irritation and sensitization

Inhalation: No known effect.

Ingestion: No known effect. Ingestion may cause irritation to mucous membranes.

#### 3. Composition/information on ingredients

See section below for composition of mixtures

| Name                           | Weight (%) | CAS-No.    |
|--------------------------------|------------|------------|
| Colophonium(Rosin)             | 20%        | 8050-9-7   |
| Glyceryl Rosinate              | 10%        | 8050-30-4  |
| Ethylene/VA Copolymer          | 10%        | 24937-78-8 |
| Beeswax                        | 10%        | 8006-40-4  |
| Paraffin                       | 20%        | 8002-74-2  |
| Glyceryl Hydrogenated Rosinate | 5%         | 65997-13-9 |
| Methyl Hydrogenated Rosinate   | 10%        | 8050-15-5  |
| Hydrogenated Coconut Oil       | 5%         | 8001-31-8  |
| C30-45 Alkyl Methicone         | 10%        | N.A.       |

#### 4. First-aid measures

##### 4.1 Description of first aid measures

|              |  |
|--------------|--|
| Eye contact  | If this product comes in contact with eyes:<br>Wash out immediately with water.<br>If irritation continues, seek medical attention.<br>Removal of contact lenses after an eye injury should only be undertaken by skilled personnel. |
| Skin contact | None under normal use  |
| Inhalation   | If fumes, aerosols or combustion products are inhaled remove from contaminated area. Other measures are usually unnecessary.   |
| Ingestion    | Rinse mouth with water and afterwards drink plenty of water.   |

##### 4.2 Most important symptoms and effects, both acute and delayed

No data available

4.3 Indication of any immediate medical attention and special treatment needed  
No data available

## 5. Fire-fighting measures

5.1 Extinguishing measures that are appropriate to local circumstances and the surrounding environment.

5.2 Sensitivity to static discharge:

Not Sensitive to static discharge.

5.3 Special protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

5.4 Further information

None

## 6. Accidental release measures

6.1 Personal precautions

Avoid contact with eyes.

6.2 Environmental precautions

Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

6.3 Methods and materials for containment and cleaning up

Clean up promptly by sweeping or vacuum.

Keep in suitable and closed containers for disposal

## 7. Handling and Storage

7.1 Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with eyes.

7.2 Conditions for safe storage, including any incompatibilities

Store in cool place. Kepp container tightly closed in a dry and well-ventilated place.

Other Recommendations: None.

7.3 Specific end uses

No data available

## 8. Exposure controls/personal protection

8.1 For household settings:

This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

8.2 Personal protection

Eye and face protection

No special protective equipment required.

Skin Protection

No special protective equipment required.

Body Protection

No special protective equipment required.

Respiratory Protection

No special protective equipment required.

## 9. Physical and chemical properties

a Appearance Solid

b Physical state Solid mixture

c Odour Characteristic

d Odour Threshold No data available

e PH (as supplied) No data available

f Melting point/freezing point(°C) 42

|   |   |                   |
|---|---|-------------------|
| g | Initial boiling point and boiling range(°C)     | No data available |
| h | Flash point(°C)                                 | No data available |
| i | Evaporation rate                                | No data available |
| j | Flammability(solid, gas)                        | No data available |
| k | Upper/lower flammability or Explosive limits(%) | No data available |
| l | Vapour pressure(Kpa)                            | No data available |
| m | Vapour density                                  | No data available |
| n | Relative density                                | No data available |
| o | Water solubility                                | No data available |
| p | Partition coefficient:<br>noctanol/water        | No data available |
| q | Auto-ignition temperature(°C)                   | No data available |
| r | Decomposition temperature                       | No data available |
| s | Viscosity(cSt)                                  | No data available |
| t | Explosive properties                            | No data available |
| u | Oxidizing properties                            | No data available |
| v | Solubility in water(g/L)                        | No data available |
| w | Volatile Component(%vol)                        | No data available |
| x | pH as a solution(1%)                            | No data available |

## 10. Stability and reactivity

### 10.1 Reactivity

No data available

### 10.2 Chemical stability

Product is considered stable and hazardous polymerization will not occur.

### 10.3 Possibility of hazardous reactions

No data available

### 10.4 Conditions to avoid

Heat, flames and sparks

### 10.5 Incompatible materials

Strong oxidizing agents, strong acids

### 10.6 Hazardous decomposition products

Hazardous polymerization does not occur.

## 11. Toxicological information

### Acute toxicity

Product is safe for its intended use based on the formulation, testing results, and the long history of safe consumer use.

### Skin corrosion/irritation

No data available

### Serious eye damage/eye irritation

No data available

### Respiratory or skin sensitization

No data available

### Specific target organ toxicity-single exposure

No data available

## 12. Ecological information

No data

## 13. Disposal consideration

Water treatment methods

This material, as supplied, is a not hazardous waste according to federal regulations (40 CFR 261). The chemical additions are made to this material or if the material is processed or otherwise altered. Consult 40 CFR 251 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional or local regulations for additional requirements.

Product/Packaging disposal

Dispose of in accordance with local regulations

#### 14. Transport information

Labels required

Marine Pollutant: No

Land transport (DOT): Not regulated

Sea transport (IMDG/IMO): Not regulated

#### 15. Regulatory information

U.S. Regulations

SARA 311/312 Hazard Categories

Acute Health Hazard No

Chronic Health Hazard No

Fire Hazard No

Sudden Release of Pressure Hazard No

Reactive Hazard No

#### 16. Other information

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Guidechem shall not be held liable for any damage resulting from handling or from contact with the above product. See reverse side of invoice or packing slip for additional terms and conditions of sale.
